

WACO GOURMET INDUCTION COOKTOP

FEATURES

- The fastest way to cook... quicker than gas or electric burners
- Cook at a high heat with no open flame
- The pan becomes the heating element
- Digital controls set to temperature settings
- Programmable timer sets to 180 minutes
- Turns off automatically once cookware is removed

Take advantage of the fastest, safest way to cook with the WACO Gourmet Induction Cooktop. Induction heats quicker than traditional gas or electric stove tops and operates up to 70% more efficiently.

The WACO Induction Cooktop will only operate when induction-safe cookware is in place; it shuts off automatically once cookware is removed. There is no open flame produced by induction, the cookware itself becomes the heating element for quick and even heat distribution.

Cooktop itself does not heat so burnt-on spills is a thing of the past and easily wipes away from the ceramic cooktop surface. The induction cooktop is also great for serving on its low temperature setting.

FEATURES

Single Plate Y0029884

Model NO : BS20-LC

Features:

- Surface Mounted
- Touch Control

Technical Information:

- Rated Voltage Range: AC155V-AC265V
- Power: 2000W
- Dimension (mm): 746 x 368 x 454 [l x w x h]

Double Plate Y0029885

Model No: BSI-25H

Features:

- Flush Mounted
- LED Display with touch control
- 5-level Heat adjustments
- Security Functions:
 - No pot detection
 - Panel surface heat protection
 - Internal heat protection
 - Dry burn protection
 - Oil temperature protection
 - Over-time protection
 - Abnormal voltage protection
 - Surge Protection
 - Kid-lock
 - Timer

Technical Information:

- Rated Voltage: AC220V/50Hz
- Power: 2500W (1000W + 1500W)
- Dimension (mm): 700 x 430 x 90 [l x w x h]
- Installation Hole Size (mm): 665 x 395 [l x w]

Double Plate Elite Y0029886

Model No: BSI-30H

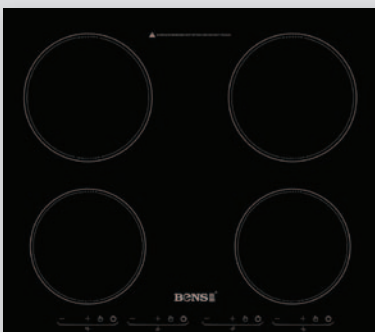

Features:

- Flush Mounted
- Touch Control
- **9-level Heat Adjustments**
- Security Functions:
 - **Residual heat indicator**
 - **Small object detection**
 - No pot detection
 - **Temperature sensor**
 - **Open circuit protection**
 - Overheat protection
 - Over-time protection
 - Abnormal voltage protection
 - Surge Protection
 - Kid-lock
 - **2 hour limit control**

Technical Information:

- Rated Voltage: AC220V/50Hz
- Total Power: 3600W (2000W + 1600W)
- Dimension (mm): 700 x 430 x 87 [l x w x h]
- Installation Hole size (mm): 665 x 395 [l x w]

Quad Plate Y0029887

Model No: BSI-60F

Features:

- Minute Timer
- Touch Control
- Security Functions:
 - Overheat protection
 - Abnormal voltage protection
 - Error operation protection
 - Panel surface heat protection
 - 2-hour limit control
 - Kid-lock
 - Inside overheat protection

Technical Information:

- Rated Voltage: AC220V/60Hz
- Total Power: 6200W (1800W + 1300W + 1800W + 1300W)
- Dimension (mm): 510x288x43 [l x w x h]
- Installation Hole size (mm): 495x265 [l x w]
