Porcelain GES/E40

#55 - J69 Straight
10/200 
Code: V1PL/H-POR/GESJ690W

Lampholders - Nylon

SABS Approved

Nylon BC/B22

Batten, 50mm
 Colour: White or Black
 25/300 
 Code: V1PL/H-NYL/BCBAT...

Nylon BC/B22

Cord-grip, 10mm
 Colour: white or black
 25/500 
 Code: V1PL/H-NYL/BCG/GMA
 V1PL/H-NYL/BCCGBLK

Illumination Holder

Bakelight BC/B22
 "Ocalex"
 50/500 
 Code: V1P/H-ILL/BCB/LIT

Lighting Accessories

Terry Clip 25mm + 35mm

Nylon grey used in lighting industry
 Used for holding fluorescent tubes
 50 
 Code: V1QCLIPS/TER25MM
 V1QCLIPS/TER35MM

"Slabbox"

Galvanised boxes for downlights
 Size: 22 x 15 x 14cm
 Other sizes available on request
 1/10 
 Code: V1PL/F/SLABBOXWACO

Galvanised Slabbox Lids

Sizes: 65mm, 75mm & 85mm cutout
 Other sizes available on request
 1/10 
 Code: V1PL/FITT/SLABLID65
 V1PL/FITT/SLABLID75
 V1PL/FITT/SLABLID85

Dimmer Switches

Rotary Dimmer Switch

Dimmer has rotary type switch with ON / OFF function
 Comes with dimmer plus plate
 400W low voltage / 500W incandescent QI lamps
 Will fit into other brands of plates to match
 Up to 3 modules will fit into a 4 x 2 box
 Unique leading or trailing edge models
 1/50 
 Code: V1SD-VE-DE500 = Dimmer only
 V1SD-VE500 = Dimmer + plate

"Shuttle" Dimmer Range "The Thinking Dimmer"

500W models module type
 Short circuit protected
 Compatible with all brands of switches & plates
 4 Pre-sets programmable with no flickering
 Trailing & leading edge
 Up to 10 Minutes fade time
 1/5 
 Code: V1SD/D1X4X500W

8

Light Switches

Thru-switch "The mighty little one"

Colours: White, black & gold
 Flame retardant housing
 3 Amp 250V AC
 100/1000 
 Code: V1SSWTHRU/1720

Table Lamp Switch (POP)

2A 250V AC / 10mm Hole
 Screw connection
 100/3000 
 Code: V1SSWP/ABLELAMP

Foot Switch

Ideal for floor standing lamp
 For domestic use
 Colours: White, black
 30/300 
 Code: V1SSWFOOTSWITCH/BLK
 V1SSWFOOTSWITCH/WHI

Pull Switches

Ceiling Fan Switch

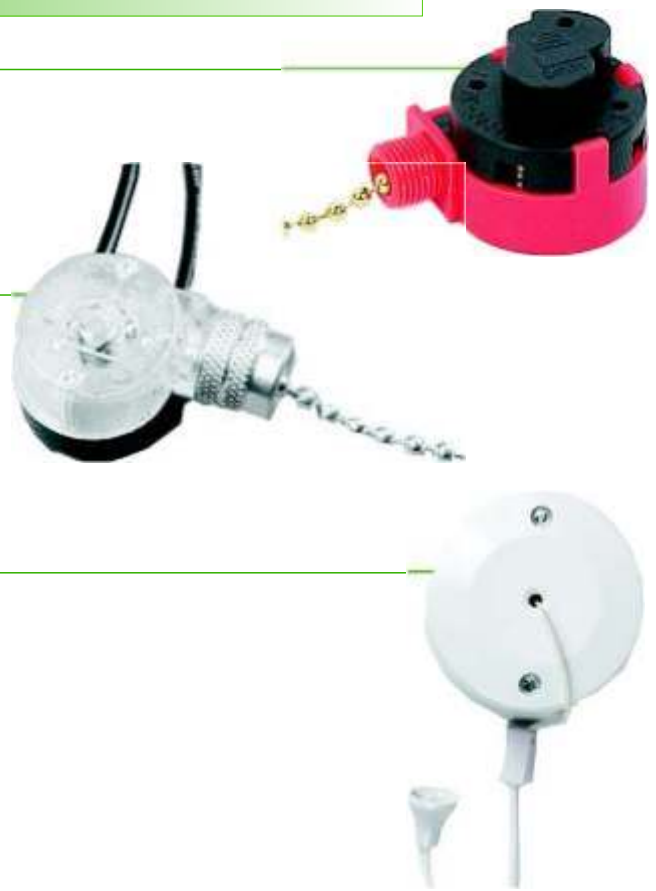

4-Way - 3A 250V AC
 10mm Hole
 25/100 
 Code: V1TANPULLSWI

"Eagle" Canopy Pull Switch

2A 250V AC
 10mm Hole
 Comes with cord & chain
 Screw connection
 25/100 
 Code: V1SSWPABLELAMP

Ceiling Pull Switch

T & J "The noble choice"
 6A 1-Way & 6A 2-Way
 Comes with cord
 1/10 
 Code: V1SSWPULL5A1W/CAPIT
 V1SSWPULL5A2W/CAPIT

Float Switches

Mechanical Switching Float Switch

10 
 Code: V1NSWITCHFLOAT06GPJ
 V1NSWITCHFLOAT13GPJ

- Features:**
- Chemical resistance
 - Can be wired for emptying or for filling
 - Switch rating AC resistive load 250V 10A
 - Housing made from ABS
 - Cable type nirllic PVC
 - Cable length: 6m & 13m
 - Temperature maximum 70°C
 - Filled with epoxy compound
 - Dimensions: 130mm (L) x 90mm (Dia)
 - 90 x Diagram x 130K

Mercury Switching Float Switch

10 
 Code: V1NSWITCHFLOAT/2006
 V1NSWITCHFLOAT/2013
 V1NSWITCHFLOAT/2020

- Features:**
- Chemical resistance
 - Can be wired for emptying or for filling
 - Switch rating AC resistive load 250V 10A
 - Housing made from ABS
 - Cable length: 6m, 13m & 20m
 - Temperature maximum 50°C
 - Filled with epoxy compound
 - Dimensions: 160mm (L) x 100mm (Dia)

8

"FLEXINEON", a low voltage plastic neon light, is a display light made of advanced solid PVC tube with a series parallel arrangement of subminiature light bulbs. Known for high flexibility & excellent displaying power, it has rich colours & a strong sense of motion due to a constant glimmering, with neon-like shape, excellent waterproof ability, high durability, wide working temperature range (-30°C - 65°C), good pressure resistance (up to 92kg/cm), and special installation convenience. Ideal for decoration & design, it is a really versatile modern display light for touring spots, recreation places, buildings, window displays, theme parties, night clubs, bars, video stores & marine applications.
